

FAC Invention Factory

☑ Checklist

What you need to create your first chain reaction

- A small pile of books (preferably hardcover)
- Three tins of food
- A cardboard box, or pile of books (about 20 cm high)
- DVD case
- Aluminium foil
- Dominos, or anything that could be used as a Domino (such as Jenga blocks, or CD/DVD boxes, or Lego pieces)
- Masking tape (or another type of tape)
- Two full toilet rolls
- Piece of string (70 cm long)
- Soup bowl (not too light)
- Box of cereal
- Teaspoon
- Small pebble (or an olive, or a screw)

Visit thefac.com.au from the start of the school holidays to watch the videos and start inventing!
